TAP. BREW. GO.

# GREAT COFFEE FUELS BRIGHTER DAYS

**SMART COFFEE DRIVEN BY TECH · TAP. BREW. GO.**

We own, install, stock and service the machine. Your people tap or scan and walk away with a fresh 12oz drink — at 2 a.m., on a Sunday, during exam week.

### NO CAPITAL, NO STAFF
We buy it, install it and run it. Hosting costs you nothing.

### OPEN WHEN YOU AREN'T
Night shifts, ward handovers, late labs — served 24/7.

### CASHLESS AND HYGIENIC
Genie QR and card tap. No cash on site, no float, no queue.

### REAL COFFEE, NOT INSTANT
Colombian beans ground per cup, served in under 90 seconds.

### HEALTHIER, HAPPIER PEOPLE
A warm break on site beats a walk off it. Fewer trips out.

### WE WATCH IT, YOU DON'T
Remote monitoring, scheduled restocking, monthly reporting.

WHAT IT TAKES TO HOST ONE

# A FULL COFFEE BAR IN 25 SQUARE FEET.

## A GREAT FIT FOR

**HOSPITALS**
Night staff, Waiting families, Visitors

**UNIVERSITIES**
Students, Faculty, Late study halls

**OFFICES**
Teams, Clients, Meeting floors

**COMMUNITIES**
Malls, Gyms, Transport hubs

## BREWBOT PROVIDES

- The machine, delivered and installed at our cost
- All beans, ingredients, cups, lids
- Restocking and 19-litre water bottle swaps
- Cleaning, servicing, spare parts and repairs
- Genie QR and HNB card payment terminals
- Full insurance — theft, burglary, damage
- Remote monitoring and monthly sales reporting
- WhatsApp support for anyone using the machine

## BREWBOT PROVIDES

- A level indoor footprint of at least 5 ft × 5 ft
- A dedicated, always-on earthed 230V point there
- Clean, dry conditions away from damp or washdown
- A small secure store for spare 19L water bottles
- A spot your people naturally walk past
- Ideally a guarded or access-controlled area
- Access for our team to restock and service

**5 × 5 ft**
Clean, dry, level floor

**230V**
Earthed, always on

**19 L**
Spare bottle storage

No plumbing, no drainage and no structural work needed.
If your spot is close but not exact, tell us — we survey before we commit.
